Abstract Submission Date Extended till 30 December 2025

In response to multiple requests from scholars and considering the academic calendar of universities across India, the deadline for abstract submission has been extended till 30 December 2025. This extension has been provided due to the following reasons:

- **High Volume of Requests:** Several participants communicated the need for additional time to finalize their abstracts due to ongoing teaching schedules, examinations, and institutional commitments.
- **Alignment with Academic Calendar:** Many universities and colleges are currently conducting semester-end evaluations, making it difficult for faculty and research scholars to meet the earlier deadline.
- **Ensuring Wider Scholarly Participation:** The organizing committee aims to accommodate a larger number of researchers and ensure equal opportunity for scholars from diverse institutions and disciplines.
- **Quality Enhancement:** Additional time will allow participants to refine their abstracts and submit well-prepared, academically strong proposals.
- **Logistical Considerations:** The seminar committee is in the process of finalizing session themes and resource persons, and the extended deadline aligns better with organizational timelines.

We extend a warm invitation to scholars, researchers, and educators to participate in the 3-Day National Seminar, scheduled to be held from 20–22 January 2026 at Parshwanath Vidyapeeth, Varanasi.
